Index to Volume 88

Subject index

Adhesion
Glove powder promotes adhesion formation and facilitates tumour cell adhesion and growth, 1258
Reduction of experimental adhesion formation by inhibition of plasminogen activator inhibitor type 1, 286
The intestinal flora influences adhesion formation around surgical anastomoses, 143

AIDS
Incidence of acquired immune deficiency syndrome (AIDS)-related disorders at laparotomy in patients with AIDS, 294

Amputation
Revisiting transtibial amputation with the long posterior flap, 683
Variation in clinical decision making is a partial explanation for geographical variation in lower extremity amputation rates, 529

Anal canal
Anatomy of the anal canal and perianal structures as defined by phased-array magnetic resonance imaging, 1506

Anastomosis
Systematic review of definition and measurement of anastomotic leak after gastrointestinal surgery, 1157

Aneurysm
Community mortality after ruptured abdominal aortic aneurysm is unrelated to the distance from the surgical centre, 1341
Cystatin C deficiency is associated with the progression of small abdominal aortic aneurysms, 1472
Endovascular treatment of abdominal aortic aneurysm: a failed experiment, 1281
Epidemiology of abdominal aortic aneurysm in the Asian community, 382
In-hospital mortality from abdominal aortic surgery in Great Britain and Ireland: Vascular Anaesthetic Society audit, 687
Management of aortic aneurysm in the presence of a horseshoe kidney, 500
Performance indicators from routine hospital data: death following aortic surgery as a potential measure of quality of care, 964
Portsmouth POSSUM models for abdominal aortic aneurysm surgery, 958
Pro- and anti-inflammatory cytokine release in open *versus* endovascular repair of abdominal aortic aneurysm, 1335
Provocation of experimental aortic inflammation and dilatation by inflammatory mediators and *Chlamydia pneumoniae*, 935
Randomized double-blind controlled trial of roxithromycin for prevention of abdominal aortic aneurysm expansion, 1066
Randomized study comparing cardiac response in endovascular and open abdominal aortic aneurysm repair, 1059
Role of the neutrophil in the development of systemic inflammatory response syndrome and sepsis following abdominal aortic surgery, 1583
Screening for abdominal aortic aneurysm, 625
A single normal ultrasonographic scan at age 65 years rules out significant aneurysm disease for life in men, 941
Suitability for endovascular aneurysm repair in an unselected population, 77

Angiogenesis
Association between plaque instability, angiogenesis and symptomatic carotid occlusive disease, 945

Anorectal
Transvaginal repair of pouch–vaginal fistula, 241

Anorectal physiology
Function of colonic J pouch continues to improve with time, 1623

Antibiotics
Systematic review of antimicrobial agents for chronic wounds, 4

Anus
Anorectal injury following pelvic radiotherapy, 1037

Aorta
Community mortality after ruptured abdominal aortic aneurysm is unrelated to the distance from the surgical centre, 1341
Comparison of cardiac troponin I and creatine kinase ratios in the detection of myocardial injury after aortic surgery, 1196
Cystatin C deficiency is associated with the progression of small abdominal aortic aneurysms, 1472
Endovascular treatment of abdominal aortic aneurysm: a failed experiment, 1281
Epidemiology of abdominal aortic aneurysm in the Asian community, 382
Fate of hypertension after repair of coarctation of the aorta in adults, 536
In-hospital mortality from abdominal aortic surgery in Great Britain and Ireland: Vascular Anaesthetic Society audit, 687
Management of aortic aneurysm in the presence of a horseshoe kidney, 500
Penetrating atherosclerotic ulcers of the aorta, 1169
Performance indicators from routine hospital data: death following aortic surgery as a potential measure of quality of care, 964
Portsmouth POSSUM models for abdominal aortic aneurysm surgery, 958
Pro- and anti-inflammatory cytokine release in open *versus* endovascular repair of abdominal aortic aneurysm, 1335
Provocation of experimental aortic inflammation and dilatation by inflammatory mediators and *Chlamydia pneumoniae*, 935
Randomized double-blind controlled trial of roxithromycin for prevention of abdominal aortic aneurysm expansion, 1066
Randomized study comparing cardiac response in endovascular and open abdominal aortic aneurysm repair, 1059
Role of the neutrophil in the development of systemic inflammatory response syndrome and sepsis following abdominal aortic surgery, 1583

 © 2001 Blackwell Science Ltd

Screening for abdominal aortic aneurysm, 625
Suitability for endovascular aneurysm repair in an unselected population, 77

Appendicectomy
Suspected acute appendicitis: trends in management over 30 years, 1570

Appendicitis
Suspected acute appendicitis: trends in management over 30 years, 1570

Appendix
Conservative management of appendix mass in children, 1539
A normal appendix found during diagnostic laparoscopy should not be removed, 251
Randomized clinical trial of laparoscopic *versus* open appendicectomy, 200
Randomized study to examine the value of on-table inspection of the appendix mucosa (short note), 837
Single-blind randomized clinical trial of laparoscopic *versus* open appendicectomy in children, 510
Small bowel obstruction after appendicectomy, 1387

Arterial – disease
Reintervention as a clinical trial endpoint after peripheral arterial bypass surgery, 1376
Revisiting transtibial amputation with the long posterior flap, 683
Sympathetic autoregulation in peripheral vascular disease, 523
Systematic review of antiplatelet therapy for the prevention of myocardial infarction, stroke or vascular death in patients with peripheral vascular disease, 787
Variation in clinical decision making is a partial explanation for geographical variation in lower extremity amputation rates, 529

Arterial – surgery
Comparison of cardiac troponin 1 and creatine kinase ratios in the detection of myocardial injury after aortic surgery, 1196
Fate of hypertension after repair of coarctation of the aorta in adults, 536
Reintervention as a clinical trial endpoint after peripheral arterial bypass surgery, 1376
Risk modelling study for carotid endarterectomy, 1590
Use of cadaveric superior mesenteric artery as interpositional vascular graft in orthotopic liver transplantation, 70

Atheroma
Association between plaque instability, angiogenesis and symptomatic carotid occlusive disease, 945
Differences in the detection of cyclo-oxygenase 1 and 2 proteins in symptomatic and asymptomatic carotid plaques, 951

Audit
Community mortality after ruptured abdominal aortic aneurysm is unrelated to the distance from the surgical centre, 1341
In-hospital mortality from abdominal aortic surgery in Great Britain and Ireland: Vascular Anaesthetic Society audit, 687
Outcome and resource utilization in gastroenterological surgery, 1006
Performance indicators from routine hospital data: death following aortic surgery as a potential measure of quality of care, 964
Portsmouth POSSUM models for abdominal aortic aneurysm surgery, 958
Reduction of postoperative morbidity and mortality in patients with rectal cancer following the introduction of a colorectal unit, 273
Standards of documentation of the surgeon–patient consultation in current surgical practice, 309
Survey of the use of thromboprophylaxis in laparoscopic surgery in Denmark, 1413
Value of POSSUM physiology scoring to assess outcome after intra-arterial thrombolysis for acute leg ischaemia (short note), 1344

Axilla
Botulinum toxin injection is an effective treatment for axillary hyperhidrosis (short note), 814

Bacteria
Provocation of experimental aortic inflammation and dilatation by inflammatory mediators and *Chlamydia pneumoniae*, 935

Bile
Haemobilia, 773

Bile duct
Non-operative management of haemobilia, 1073
Potential of laparoscopic ultrasonography as an alternative to operative cholangiography in the detection of bile duct stones, 65

Bile duct – surgery
Value of lymph node dissection during resection of intrahepatic cholangiocarcinoma, 1463

Bile duct – tumour
Incidence of benign lesions in patients resected for suspicious hilar obstruction, 48
Treatment strategy for patients with middle and lower third bile duct cancer, 364
Value of lymph node dissection during resection of intrahepatic cholangiocarcinoma, 1463

Blood
Haemobilia, 773

Bowel disorders
Preliminary study of D-dimer as a possible marker of actute bowel ischaemia, 385

Breast
Detection, treatment and outcome of axillary recurrence after axillary clearance for invasive breast cancer, 118
Impact of mammographic interval on stage and survival after the diagnosis of contralateral breast cancer, 123

Breast – malignant
Blockade of growth factor receptors in ductal carcinoma *in situ* inhibits epithelial proliferation, 412
Diagnosis and prognosis of breast cancer by magnetic resonance spectroscopy of fine-needle aspirates analysed using a statistical classification strategy, 1234

© 2001 Blackwell Science Ltd

Estimating the benefits of adjuvant systemic therapy for women with early breast cancer, 1513

Breast – surgery
Endoscopic axillary surgery in breast cancer, 698
Prospective evaluation of the morbidity of axillary clearance for breast cancer, 114
Treatment of 100 patients with sentinel node-negative breast cancer without further axillary dissection, 1639

Breast – tumour
Extent of ductal carcinoma *in situ* within the surrounding invasive primary breast carcinoma, 1324
Multicentre study of detection and false-negative rates in sentinel node biopsy for breast cancer, 1644
Probability of axillary node involvement in patients with tubular carcinoma of the breast, 860
Prospective evaluation of the morbidity of axillary clearance for breast cancer, 114
Sentinel node biopsy with technetium-99m colloidal rhenium sulphide in patients with breast cancer, 704
Treatment of 100 patients with sentinel node-negative breast cancer without further axillary dissection, 1639

Burn
Determinants of death following burn injury, 583

Calculus
Potential of laparoscopic ultrasonography as an alternative to operative cholangiography in the detection of bile duct stones, 65

Carcinoid
Prediction of prognosis by echocardiography in patients with midgut carcinoid syndrome, 865

Cardiothoracic
Preserved endothelial integrity and nitric oxide synthase in saphenous grafts harvested by a 'no-touch' technique, 1209

Carotid
Association between plaque instability, angiogenesis and symptomatic carotid occlusive disease, 945
Differences in the detection of cyclo-oxygenase 1 and 2 proteins in symptomatic and asymptomatic carotid plaques, 951
Outcome of surgical treatment for carotid body paraganglioma, 1382
Risk modelling study for carotid endarterectomy, 1590
Value of intraoperative duplex imaging during supervised carotid endarterectomy, 389

Carotid body tumours
Outcome of surgical treatment for carotid body paraganglioma, 1382

Chemotherapy
Estimating the benefits of adjuvant systemic therapy for women with early breast cancer, 1513

Colon
Irritable bowel syndrome: new horizons in pathophysiology and treatment, 1425
Scintigraphic assessment of colonic transit in women with slow-transit constipation arising *de novo* following pelvic surgery or childbirth, 405

Colon – general
Decreased tyrosine kinase C expression may reflect developmental abnormalities in Hirschsprung's disease and idiopathic slow-transit constipation, 545

Colon – inflammatory
Diverticular disease of the colon in Accra, Ghana (short note), 1595
Experimental sodium phosphate and polyethylene glycol induce colonic tissue damage and oxidative stress, 85
Immune therapy in inflammatory bowel disease and models of colitis, 1558
Tumour necrosis factor inhibitors reduce the acute-phase response in hapten-induced colitis, 235

Colon – miscellaneous
Irritable bowel syndrome: new horizons in pathophysiology and treatment, 1425

Colon – surgery
'Fast track' postoperative management protocol for patients with high co-morbidity undergoing complex abdominal and pelvic colorectal surgery, 1533
Function of colonic J pouch continues to improve with time, 1623
Inhibition of matrix metalloproteinases enhances breaking strength of colonic anastomoses in an experimental model, 228
Insulin-like growth factor I and truncated keratinocyte growth factor accelerate healing of left-sided colon anastomoses, 90
Normal gastrointestinal transit after colonic resection using epidural analgesia, enforced oral nutrition and laxative, 1498
Prospective study of primary anastomosis following sigmoid resection for suspected acute complicated diverticular disease, 693
Quality of life after low anterior resection with total mesorectal excision and temporary loop ileostomy for rectal carcinoma, 1216
Randomized clinical trial of intravenous fluid replacement during bowel preparation for surgery, 1363
Strategy for the surgical management of patients with idiopathic megarectum and megacolon, 1392
Total mesorectal excision preserves male genital function compared with conventional rectal cancer surgery, 1501
Use of a minilaparotomy in the treatment of colonic cancer, 831

Colon – tumour
Acute-phase protein response, survival and tumour recurrence in patients with colorectal cancer, 255
Detection and clinical significance of occult tumour cells in colorectal cancer, 1307
Gender differences in long-term survival of patients with colorectal cancer, 1092
High-risk colorectal adenomas and serum insulin-like growth factors, 107
Immune-stimulating effects of low-dose, perioperative recombinant granulocyte–macrophage colony-stimulating factor treatment in patients operated on for primary colorectal carcinoma, 539
Long-term results of treating hepatic colorectal liver metastases with cryosurgery, 844
Non-invasive methods of assessing angiogenesis and their value in predicting response to treatment in colorectal cancer, 1628

© 2001 Blackwell Science Ltd

Non-operative management of the primary tumour in patients with incurable stage IV colorectal cancer, 1352
Patient accuracy of reporting on hereditary non-polyposis colorectal cancer-related malignancy in family members, 1228
Plasma concentration of tissue inhibitor matrix metalloproteinase 1 in patients with colorectal carcinoma, 1596
Quality of life after low anterior resection with total mesorectal excision and temporary loop ileostomy for rectal carcinoma, 1216
Randomized clinical trial of open *versus* laparoscopically assisted colectomy on systemic immunity in patients with colorectal cancer, 801
Reduction of postoperative morbidity and mortality in patients with rectal cancer following the introduction of a colorectal unit, 273
Sodium hyaluronate enhances colorectal tumour cell metastatic potential *in vitro* and *in vivo*, 246
Total mesorectal excision preserves male genital function compared with conventional rectal cancer surgery, 1501
Tumour location and the effects of preoperative radiotherapy in the treatment of rectal cancer, 839
Value and cost of follow-up after adjuvant treatment of patients with Dukes' C colonic cancer, 101

Coloproctology
Endocoil magnetic resonance imaging quantification of external anal sphincter atrophy, 853
Ileoanal pouch function is related to postprandial pouch tone, 1492
Systemic levels of glyceryl trinitrate following topical applications to the anoderm do not correlate with the measured reduction in anal pressure, 1613
Topical diltiazem ointment in the treatment of chronic anal fissure, 553

Colostomy
Stoma-related complications are more frequent after transverse colostomy than loop ileostomy: a prospective randomized controlled trial, 360

Constipation
Ileal neoappendicostomy for antegrade colonic irrigation (short note), 1637

Crohn's disease
Resection margins in Crohn's disease, 771

Cytology
Detection and clinical significance of occult tumour cells in colorectal cancer, 1307

Diverticulum
Oesophageal diverticula, 629

Dysphagia
Analysis and surgical treatment of persistent dysphagia after Nissen fundoplication, 569
Dysphagia after antireflux surgery, 486

Embolization
Portal vein embolization: rationale, technique and future prospects, 165

Endocrine
Phaeochromocytoma in pregnancy, 481
Prospective controlled trial of standardized meal stimulation test in the detection of pancreaticoduodenal endocrine tumours in patients with multiple endocrine neoplasia type 1, 1403
Somatostatin receptor imaging, therapy and new strategies in patients with neuroendocrine tumours, 31

Endocrine – adrenal
Phaeochromocytoma in pregnancy, 481

Endoscopy - ERCP
Prospective randomized double-blind placebo-controlled trial of glyceryl trinitrate in endoscopic retrograde cholangio-pancreatography-induced pancreatitis, 1178

Epidemiology
Epidemiological study of oesophageal and gastric cancer in the south-east of England, 1249
Epidemiology of abdominal aortic aneurysm in the Asian community, 382
One-year survey of carcinoma of the oesophagus and stomach in Wales, 278

Ethics
Confidentiality and healthcare, 1155
Ethics of consent to surgical treatment, 1283
Ethics of surgical innovation, 897
Ethics in surgical practice, 769
Medical negligence and the law, 899
Postoperative futility: a clinical algorithm for setting limits, 1153

Experimental
Effect of $CD4^+$ and $CD8^+$ cell depletion on wound healing, 298
Effects of adenosine on ischaemia–reperfusion injury associated with rat pancreas transplantation, 1366
Experimental models of Gram-negative sepsis, 22
Experimental sodium phosphate and polyethylene glycol induce colonic tissue damage and oxidative stress, 85
Experimental study of type 3 phosphodiesterase inhibitor on liver graft function, 59
Glove powder promotes adhesion formation and facilitates tumour cell adhesion and growth, 1258
Insulin-like growth factor I and truncated keratinocyte growth factor accelerate healing of left-sided colon anastomoses, 90
The intestinal flora influences adhesion formation around surgical anastomoses, 143
Local heat-shock priming-induced improvement in microvascular perfusion in osteomyocutaneous flaps is mediated by heat-shock protein 32, 450
Microcirculatory effects of experimental acute limb ischaemia–reperfusion, 816
Preservation of endothelial integrity and function in experimental vascular anastomoses using non-penetrating clips, 1201
Provocation of experimental aortic inflammation and dilatation by inflammatory mediators and *Chlamydia pneumoniae*, 935
Recombinant soluble P-selectin glycoprotein ligand 1 moderates local and remote injuries following experimental lower-torso ischaemia, 825
Reduction of experimental adhesion formation by inhibition of plasminogen activator inhibitor type 1, 286

© 2001 Blackwell Science Ltd

Sodium hyaluronate enhances colorectal tumour cell metastatic potential *in vitro* and *in vivo*, 246

Fissure
Topical diltiazem ointment in the treatment of chronic anal fissure, 553

Fistula
Somatostatin and octreotide in the prevention of postoperative pancreatic complications and the treatment of enterocutaneous pancreatic fistulas: a systematic review of randomized clinical trials, 190
Transvaginal repair of pouch–vaginal fistula, 241

Fundoplication
Analysis and surgical treatment of persistent dysphagia after Nissen fundoplication, 569

Gallbladder
Early gallbladder carcinoma does not warrant radical resection, 675
Randomized study of coagulation and fibrinolysis during and after gasless and conventional laparoscopic cholecystectomy, 1001
Randomized trial of needlescopic *versus* laparoscopic cholecystectomy, 45

Gastric
Expression of gastrin in developing gastric adenocarcinoma, 564
Percutaneous endoscopic gastrostomy in patients with ventriculoperitoneal shunts, 724
Randomized clinical trial of *Helicobacter pylori* from dental plaque (short note), 206
Systematic review of definition and measurement of anastomotic leak after gastrointestinal surgery, 1157

Gastric – cancer
Laparoscopically assisted total or distal gastrectomy with lymph node dissection for early gastric cancer, 128

General
Confidentiality and healthcare, 1155
Doctors and the law – a personal view, 1025
Ethics of consent to surgical treatment, 1283
Ethics of surgical innovation, 897
Ethics in surgical practice, 769
Haemoglobin solutions in surgery, 1553
Medical negligence and the law, 899
Postoperative futility: a clinical algorithm for setting limits, 1153
Probiotics, 161
Risk management, 1027

Genetics
Patient accuracy of reporting on hereditary non-polyposis colorectal cancer-related malignancy in family members, 1228

Graft
Preserved endothelial integrity and nitric oxide synthase in saphenous grafts harvested by a 'no-touch' technique, 1209

Haemorrhoids
Follow-up confirms sustained benefit of circumferential stapled anoplasty in the management of prolapsing haemorrhoids, 850
Long-term effects of stapled haemorrhoidectomy on internal anal function and sensitivity, 1487
Prospective randomized multicentre trial comparing stapled with open haemorrhoidectomy, 669
Randomized clinical trial of stapled *versus* Milligan–Morgan haemorrhoidectomy, 1049
Randomized trial assessing anal sphincter injuries after stapled haemorrhoidectomy, 1449
Stapled haemorrhoidectomy: pain or gain, 1

Hernia
Chronic pain and quality of life following inguinal hernia repair, 1122
Contralateral groin exploration is not justified in infants with a unilateral inguinal hernia, 720
Cost-utility analysis of open *versus* laparoscopic groin hernia repair: results from a multicentre randomized clinical trial, 653
Prospective randomized trial of polypropylene mesh compared with nylon darn in inguinal hernia repair, 931
Randomized clinical trial comparing totally extraperitoneal inguinal hernia repair with the Shouldice technique, 1183
Totally extraperitoneal endoscopic repair of recurrent inguinal hernia, 884

Hernia – hiatus
Role of fundoplication in patient symptomology after laparoscopic antireflux surgery, 1117

Hernia – umbilical
Randomized clinical trial comparing suture and mesh repair of umbilical hernia in adults, 1321

HIV
Incidence of acquired immune deficiency syndrome (AIDS)-related disorders at laparotomy in patients with AIDS, 294

Hyperparathyroidism
Unique clinical characteristics of primary hyperparathyroidism in India, 708

Ileostomy
Stoma-related complications are more frequent after transverse colostomy than loop ileostomy: a prospective randomized controlled trial, 360

Imaging
Anatomy of the anal canal and perianal structures as defined by phased-array magnetic resonance imaging, 1506
Endocoil magnetic resonance imaging quantification of external anal sphincter atrophy, 853
Somatostatin receptor imaging, therapy and new strategies in patients with neuroendocrine tumours, 31
Value of intraoperative duplex imaging during supervised carotid endarterectomy, 389

Immune system
Effect of laparoscopy on immune function, 1296

Immunology
Effects of oesophagectomy on monocyte-induced apoptosis of peripheral blood T lymphocytes, 1110

© 2001 Blackwell Science Ltd

Incontinence
Clinical and economic evaluation of surgical treatments for faecal incontinence, 1029
Multicentre retrospective analysis of the outcome of artificial anal sphincter implantation for severe faecal incontinence, 1481

Intestinal
Nitric oxide prevents intestinal mitochondrial dysfunction induced by surgical stress, 393
Systematic review of definition and measurement of anastomotic leak after gastrointestinal surgery, 1157

Intussusception
Endotoxin, cytokines and lipid peroxidases in children with intussusception, 878

Ischaemia
Effects of adenosine on ischaemia–reperfusion injury associated with rat pancreas transplantation, 1366
Expression of inducible nitric oxide synthase contributes to the development of pancreatitis following pancreatic ischaemia and reperfusion, 1189
Microcirculatory effects of experimental acute limb ischaemia–reperfusion, 816
Preliminary study of D-dimer as a possible marker of actute bowel ischaemia, 385
Recombinant soluble P-selectin glycoprotein ligand 1 moderates local and remote injuries following experimental lower-torso ischaemia, 825
Role of tumour necrosis factor in lung injury caused by intestinal ischaemia–reperfusion, 464
Value of POSSUM physiology scoring to assess outcome after intra-arterial thrombolysis for acute leg ischaemia (short note), 1344

Isotope
Somatostatin receptor imaging, therapy and new strategies in patients with neuroendocrine tumours, 31

Kidney
Management of aortic aneurysm in the presence of a horseshoe kidney, 500

Laparoscopy
Effect of laparoscopy on immune function, 1296
Impact of laparoscopic surgery on experimental hepatic metastases, 371
Laparoscopic antireflux surgery in the treatment of the acid-sensitive oesophagus, 577
A normal appendix found during diagnostic laparoscopy should not be removed, 251
Prospective study of the effect of laparoscopic Nissen fundoplication on reflux mechanisms, 1519
Randomized clinical trial of laparoscopic *versus* open appendicectomy, 200
Randomized clinical trial of open *versus* laparoscopically assisted colectomy on systemic immunity in patients with colorectal cancer, 801
Randomized study of coagulation and fibrinolysis during and after gasless and conventional laparoscopic cholecystectomy, 1001
Randomized trial of needlescopic *versus* laparoscopic cholecystectomy, 45
Selection of patients for laparoscopic repair of perforated peptic ulcer, 133
Single-blind randomized clinical trial of laparoscopic *versus* open appendicectomy in children, 510
Survey of the use of thromboprophylaxis in laparoscopic surgery in Denmark, 1413
Totally extraperitoneal endoscopic repair of recurrent inguinal hernia, 884

Laparoscopy – lower GI
Blinded prospective study of the incidence of deep venous thrombosis following conventional or laparoscopic colorectal resection (short note), 99

Laparoscopy – upper GI
Laparoscopically assisted total or distal gastrectomy with lymph node dissection for early gastric cancer, 128
Laparoscopy in the staging of pancreatic cancer, 325
Potential of laparoscopic ultrasonography as an alternative to operative cholangiography in the detection of bile duct stones, 65

Laparotomy
Randomized clinical trial of local bupivacaine perfusion *versus* parenteral morphine infusion for pain relief after laparotomy, 357

Law and ethics
Doctors and the law – a personal view, 1025

Liver – malignant
Liver transplantation for early-detected, multifocal hepatocellular carcinoma (short note), 1194

Liver – metastases
An unexpected liver secondary, 627
Rectal adenocarcinoma with liver metastases: management of the primary tumour, 163

Liver – surgery
Improving operative safety for cirrhotic liver resection, 210
Liver regeneration after major hepatectomy for biliary cancer, 1084
Management of 155 patients with benign liver tumours, 808
Postoperative liver function after elective right hepatecotomy in elderly patients, 73

Liver – transplantation
Experimental study of type 3 phosphodiesterase inhibitor on liver graft function, 59
Liver transplantation for early-detected, multifocal hepatocellular carcinoma (short note), 1194
The National Liver Transplantation Audit: an overview of patients presenting for liver transplantation from 1994 to 1998, 52
Use of cadaveric superior mesenteric artery as interpositional vascular graft in orthotopic liver transplantation, 70

Liver – trauma
Haemobilia, 773

Liver – tumour
Clinicopathological study of hepatocellular carcinoma with diaphragmatic involvement (short note), 681

© 2001 Blackwell Science Ltd

Clinicopathological factors predicting outcome after resection of mass-forming intrahepatic cholangiocarcinoma, 969
Gamma-glutamyl transpeptidase messenger RNA may serve as a diagnostic aid in hepatocellular carcinoma (short note), 986
Liver transplantation for early-detected, multifocal hepatocellular carcinoma (short note), 1194
Long-term results of treating hepatic colorectal liver metastases with cryosurgery, 844
Management of 155 patients with benign liver tumours, 808
Postoperative liver function after elective right hepatectomy in elderly patients, 73
Prognostic factors and survival after hepatic resection for hepatocellular carcinoma without cirrhosis, 515
Resection rate and effect of postoperative chemotherapy on survival after surgery for colorectal metastases, 980
Treatment of ruptured hepatocellular adenoma, 207

Lung
Role of tumour necrosis factor in lung injury caused by intestinal ischaemia–reperfusion, 464

Lymph node
Lymph node micrometastasis and prognosis in patients with oesophageal squamous cell carcinoma, 426
Multicentre study of detection and false-negative rates in sentinel node biopsy for breast cancer, 1644
Prospective analysis of the diagnostic yield of extended *en bloc* resection for adenocarcinoma of the oesophagus or gastric cardia, 715
Sentinel lymph node biopsy in the management of thyroid disease, 321
Sentinel node biopsy with technetium-99m colloidal rhenium sulphide in patients with breast cancer, 704
Treatment of 100 patients with sentinel node-negative breast cancer without further axillary dissection, 1639

Lymph system – surgery
Management of thoracic duct injuries after oesophagectomy, 1442

Management
Analysis of local recurrence and optimizing excision margins for cutaneous melanoma, 137
Clinical and economic evaluation of surgical treatments for faecal incontinence, 1029
Irritable bowel syndrome: new horizons in pathophysiology and treatment, 1425
Management of aortic aneurysm in the presence of a horseshoe kidney, 500
Meta-analysis of low molecular weight heparin in the prevention of venous thromboembolism in general surgery, 913
Probiotics, 161
Provision of long-term vascular access for haemodialysis in a patient with exhausted superficial arm veins, 484
Sentinel lymph node biopsy in the management of thyroid disease, 321
Somatostatin and octreotide in the prevention of postoperative pancreatic complications and the treatment of enterocutaneous pancreatic fistulas: a systematic review of randomized clinical trials, 190
Suspected acute appendicitis: trends in management over 30 years, 1570
Systematic review of antiplatelet therapy for the prevention of myocardial infarction, stroke or vascular death in patients with peripheral vascular disease, 787
Systematic review of randomized clinical trials of surgical treatment for carpal tunnel syndrome, 1285
Variation in clinical decision making is a partial explanation for geographical variation in lower extremity amputation rates, 529
Varicose veins and pregnancy, 323

Melanoma
Analysis of local recurrence and optimizing excision margins for cutaneous melanoma, 137
Sentinel nodes outside lymph node basins in patients with melanoma, 305

Metabolism
Leptin and its relation to weight loss, *ob* gene expression and the acute-phase response in surgical patients, 588

Metastasis
Long-term results of treating hepatic colorectal liver metastases with cryosurgery, 844

Morbidity
Prospective evaluation of the morbidity of axillary clearance for breast cancer, 114

MRI
Endocoil magnetic resonance imaging quantification of external anal sphincter atrophy, 853

Nutrition
Percutaneous endoscopic gastrostomy in patients with ventriculoperitoneal shunts, 724
Randomized clinical trial of patient-controlled *versus* fixed regimen feeding after elective abdominal surgery, 1578

Obesity
Intragastric balloon in the treatment of patients with morbid obesity, 1245

Obstruction
Small bowel obstruction after appendicectomy, 1387

Oesophagus
Oesophageal diverticula, 629
Prospective analysis of the diagnostic yield of extended *en bloc* resection for adenocarcinoma of the oesophagus or gastric cardia, 715

Oesophagus – inflammatory
Laparoscopic antireflux surgery in the treatment of the acid-sensitive oesophagus, 577
Prospective study of the effect of laparoscopic Nissen fundoplication on reflux mechanisms, 1519
Response of atypical symptoms of gastro-oesophageal reflux to antireflux surgery, 1649
Role of fundoplication in patient symptomology after laparoscopic antireflux surgery, 1117

© 2001 Blackwell Science Ltd

Oesophagus – surgery
Diagnosis and management of a mediastinal leak following radical oesophagectomy, 1346
Dysphagia after antireflux surgery, 486
Management of thoracic duct injuries after oesophagectomy, 1442
Response of atypical symptoms of gastro-oesophageal reflux to antireflux surgery, 1649

Oesophagus – tumour
Diagnosis and management of a mediastinal leak following radical oesophagectomy, 1346
Effect of multimodality therapy on circulating vascular endothelial growth factor levels in patients with oesophageal cancer, 1105
Effects of oesophagectomy on monocyte-induced apoptosis of peripheral blood T lymphocytes,1110
Epidemiological study of oesophageal and gastric cancer in the south-east of England, 1249
One-year survey of carcinoma of the oesophagus and stomach in Wales, 278
Other primary cancers occurring after treatment of superficial oesophageal cancer, 439
Preoperative (neoadjuvant) chemoradiotherapy in oesophageal cancer, 338
Prevention of the neoplastic progression of Barrett's oesophagus by endoscopic argon beam plasma ablation, 1357

Oncology
Analysis of local recurrence and optimizing excision margins for cutaneous melanoma, 137
Extensive surgical cytoreduction and intraoperative hyperthermic intraperitoneal chemotherapy in patients with pseudomyxoma peritonei, 458
Quality of life as an outcome measure in surgical oncology, 643

Orthopaedic
Systematic review of randomized clinical trials of surgical treatment for carpal tunnel syndrome, 1285

Paediatrics
Conservative management of appendix mass in children, 1539
Decreased tyrosine kinase C expression may reflect developmental abnormalities in Hirschsprung's disease and idiopathic slow-transit constipation, 545

Pain
Randomized clinical trial of local bupivacaine perfusion *versus* parenteral morphine infusion for pain relief after laparotomy, 357

Pancreas
Somatostatin and octreotide in the prevention of postoperative pancreatic complications and the treatment of enterocutaneous pancreatic fistulas: a systematic review of randomized clinical trials, 190

Pancreas – cancer
Experience with laparoscopic ultrasonograpy for defining tumour resectability in carcinoma of the pancreatic head and periampullary region, 1077

Pancreas – inflammatory
Activation peptide of carboxypeptidase B and anionic trypsinogen as early predictors of the severity of acute pancreatitis, 216
Expression of inducible nitric oxide synthase contributes to the development of pancreatitis following pancreatic ischaemia and reperfusion, 1189
Late mortality in patients with severe acute pancreatitis, 975
Plasma trypsinogen activation peptide in patients with acute pancreatitis (short note), 679
Procalcitonin strip test in the early detection of severe acute pancreatitis, 222
Prospective randomized double-blind placebo-controlled trial of glyceryl trinitrate in endoscopic retrograde cholangio-pancreatography-induced pancreatitis, 1178
Somatostatin and octreotide in the prevention of postoperative pancreatic complications and the treatment of enterocutaneous pancreatic fistulas: a systematic review of randomized clinical trials, 190

Pancreas – malignant
Laparoscopy in the staging of pancreatic cancer, 325

Pancreas – surgery
Clinicopathological features and treatment of intraductal papillary mucinous tumour of the pancreas, 376
Randomized controlled multicentre trial of somatostatin infusion after pancreaticoduodenectomy, 1456
Readmissions after pancreatoduodenectomy, 1467

Pancreas – transplantation
Effects of adenosine on ischaemia–reperfusion injury associated with rat pancreas transplantation, 1366

Pancreas – tumour
Clinicopathological features and treatment of intraductal papillary mucinous tumour of the pancreas, 376
Laparoscopy in the staging of pancreatic cancer, 325
Prospective controlled trial of standardized meal stimulation test in the detection of pancreaticoduodenal endocrine tumours in patients with multiple endocrine neoplasia type 1, 1403
Randomized controlled multicentre trial of somatostatin infusion after pancreaticoduodenectomy, 1456
Randomized, dose-finding phase III study of lithium gamolenate in patients with advanced pancreatic adenocarcinoma, 662

Peptic ulcer
Effect of *Helicobacter pylori* eradication on the ulcer recurrence rate after simple closure of perforated duodenal ulcer: retrospective and prospective randomized controlled studies, 1054
Selection of patients for laparoscopic repair of perforated peptic ulcer, 133

Peritoneum
Response of visceral peritoneum to abdominal surgery, 148

Portal vein
Portal vein embolization: rationale, technique and future prospects, 165

Pouch
Ileoanal pouch function is related to postprandial pouch tone, 1492

Prophylaxis
Meta-analysis of low molecular weight heparin in the prevention of venous thromboembolism in general surgery, 913

© 2001 Blackwell Science Ltd

Randomized double-blind controlled trial of roxithromycin for prevention of abdominal aortic aneurysm expansion, 1066

Quality of life
Chronic pain and quality of life following inguinal hernia repair, 1122
Prospective analysis of quality of life and survival following mesorectal excision for rectal cancer, 1617
Quality of life after low anterior resection with total mesorectal excision and temporary loop ileostomy for rectal carcinoma, 1216
Quality of life as an outcome measure in surgical oncology, 643

Radiology – interventional
Pro- and anti-inflammatory cytokine release in open *versus* endovascular repair of abdominal aortic aneurysm, 1335
Randomized study comparing cardiac response in endovascular and open abdominal aortic aneurysm repair, 1059
Suitability for endovascular aneurysm repair in an unselected population, 77

Radiology – PET
Positron emission tomography and colorectal cancer, 176

Radiotherapy
Anorectal injury following pelvic radiotherapy, 1037
Preoperative (neoadjuvant) chemoradiotherapy in oesophageal cancer, 338
Preoperative radiotherapy for rectal cancer, 1556
Tumour location and the effects of preoperative radiotherapy in the treatment of rectal cancer, 839

Rectum
Anorectal injury following pelvic radiotherapy, 1037
Tumour location and the effects of preoperative radiotherapy in the treatment of rectal cancer, 839

Rectum – cancer
Detection and clinical significance of occult tumour cells in colorectal cancer, 1307
Positron emission tomography and colorectal cancer, 176
Preoperative radiotherapy for rectal cancer, 1556
Rectal adenocarcinoma with liver metastases: management of the primary tumour, 163
Reduction of postoperative morbidity and mortality in patients with rectal cancer following the introduction of a colorectal unit, 273

Rectum – surgery
Impact of total mesorectal excision on the results of surgery of distal rectal cancer, 1607
Methodology and reporting in studies of local recurrence after curative excision of the rectum for cancer, 1476
Multicentre retrospective analysis of the outcome of artificial anal sphincter implantation for severe faecal incontinence, 1481
Outcome and late functional results after anastomotic leakage following mesorectal excision for rectal cancer, 400
Population-based study of factors influencing occurrence and prognosis of local recurrence after surgery for rectal cancer, 1221
Prospective analysis of quality of life and survival following mesorectal excision for rectal cancer, 1617
Salvage abdominal surgery in patients with a retained rectal stump after restorative proctocolectomy and stapled anastomosis, 1602
Strategy for the surgical management of patients with idiopathic megarectum and megacolon, 1392
Total mesorectal excision preserves male genital function compared with conventional rectal cancer surgery, 1501

Rectum – tumour
Criteria for extramural perineural invasion as a prognostic parameter in rectal cancer, 994
Detection and clinical significance of occult tumour cells in colorectal cancer, 1307
High-risk colorectal adenomas and serum insulin-like growth factors, 107
Hospital caseload and the results achieved in patients with rectal cancer, 1397
Immune-stimulating effects of low-dose, perioperative recombinant granulocyte–macrophage colony-stimulating factor treatment in patients operated on for primary colorectal carcinoma, 539
Impact of total mesorectal excision on the results of surgery of distal rectal cancer, 1607
Methodology and reporting in studies of local recurrence after curative excision of the rectum for cancer, 1476
Non-operative management of the primary tumour in patients with incurable stage IV colorectal cancer, 1352
Patterns of pelvic invasion are prognostic in the treatment of locally recurrent rectal cancer, 988
Plasma concentration of tissue inhibitor matrix metalloproteinase 1 in patients with colorectal carcinoma, 1596
Population-based study of factors influencing occurrence and prognosis of local recurrence after surgery for rectal cancer, 1221
Preoperative radiotherapy for rectal cancer, 1556
Prospective analysis of quality of life and survival following mesorectal excision for rectal cancer, 1617
Total mesorectal excision preserves male genital function compared with conventional rectal cancer surgery, 1501

Renal transplantation
Influence of aspirin on early allograft thrombosis and chronic allograft nephropathy following renal transplantation, 261
Molecular mechanisms of renal allograft fibrosis, 1429

Screening
Impact of mammographic interval on stage and survival after the diagnosis of contralateral breast cancer, 123
Screening for abdominal aortic aneurysm, 625

Sepsis
Experimental models of Gram-negative sepsis, 22
Role of the neutrophil in the development of systemic inflammatory response syndrome and sepsis following abdominal aortic surgery, 1583

Small bowel – inflammatory
Immune therapy in inflammatory bowel disease and models of colitis, 1558

Sphincter
Endocoil magnetic resonance imaging quantification of external anal sphincter atrophy, 853

© 2001 Blackwell Science Ltd

Multicentre retrospective analysis of the outcome of artificial anal sphincter implantation for severe faecal incontinence, 1481

Stomach – cancer
Clinical significance of mutator phenotype and chromosome 17p and 18q allelic loss in gastric cancer, 419

Stomach – surgery
Evaluation of the necessity for gastrectomy with lymph node dissection for patients with submucosal invasive gastric cancer, 444
Risk factors for complications following resection of large gastric cancer, 873

Stomach – tumour
Epidemiological study of oesophageal and gastric cancer in the south-east of England, 1249
Expression of gastrin in developing gastric adenocarcinoma, 564
Influence of the number of lymph nodes examined on staging of gastric cancer, 1408
Lymph node micrometastasis and prognosis in patients with oesophageal squamous cell carcinoma, 426
One-year survey of carcinoma of the oesophagus and stomach in Wales, 278
Risk factors for complications following resection of large gastric cancer, 873

Surgical technique
Resection margins in Crohn's disease, 771
Revisiting transtibial amputation with the long posterior flap, 683
Stapled haemorrhoidectomy: pain or gain, 1

Surgical training
Training in infrainguinal bypass surgery for severe leg ischaemia, 82
Validity of surgical simulation for the assessment of operative skill, 1525

Sympathetic
Sympathetic autoregulation in peripheral vascular disease, 523

Thoracic
Management of thoracic duct injuries after oesophagectomy, 1442

Thrombolytic therapy
Value of POSSUM physiology scoring to assess outcome after intra-arterial thrombolysis for acute leg ischaemia (short note), 1344

Thrombosis
Influence of aspirin on early allograft thrombosis and chronic allograft nephropathy following renal transplantation, 261

Thyroid
Expression of the *RET* proto-oncogene in papillary thyroid carcinoma and its correlation with clinical outcome, 557
Pattern of cervical lymph node metastases from papillary carcinoma of the thyroid, 1241
Sentinel lymph node biopsy in the management of thyroid disease, 321

Transfusion
Haemoglobin solutions in surgery, 1553
Perioperative blood transfusions, with or without allogeneic leucocytes, relate to survival, not to cancer recurrence, 267

Transit
Normal gastrointestinal transit after colonic resection using epidural analgesia, enforced oral nutrition and laxative, 1498

Transplantation – kidney
Rising incidence of post-transplant lymphoproliferative disease in kidney transplant recipients, 1330

Transplantation – miscellaneous
Gastrointestinal complications in lung transplant survivors that require surgical intervention, 433

Trauma
Road traffic fatalities in Victoria, Australia and changes to the trauma care system, 1099

Trauma – blunt
Systematic review and meta-analysis of emergency ultrasonography for blunt abdominal trauma, 901

Ulcer
Penetrating atherosclerotic ulcers of the aorta, 1169

Ultrasonography
Potential of laparoscopic ultrasonography as an alternative to operative cholangiography in the detection of bile duct stones, 65
A single normal ultrasonographic scan at age 65 years rules out significant aneurysm disease for life in men, 941
Systematic review and meta-analysis of emergency ultrasonography for blunt abdominal trauma, 901

Urology
Review of current practice to establish success after vasectomy, 290

Varicose veins
Varicose veins and pregnancy, 323

Vascular access
Provision of long-term vascular access for haemodialysis in a patient with exhausted superficial arm veins, 484

Vascular surgery
Preservation of endothelial integrity and function in experimental vascular anastomoses using non-penetrating clips, 1201
Training in infrainguinal bypass surgery for severe leg ischaemia, 82

Vein
Present and future management of deep vein thrombosis, 1427
Preserved endothelial integrity and nitric oxide synthase in saphenous grafts harvested by a 'no-touch' technique, 1209

© 2001 Blackwell Science Ltd

Venous thrombosis
Blinded prospective study of the incidence of deep venous thrombosis following conventional or laparoscopic colorectal resection (short note), 99
Meta-analysis of low molecular weight heparin in the prevention of venous thromboembolism in general surgery, 913
Present and future management of deep vein thrombosis, 1427

Wound closure
Double near and far Prolene suture closure: a technique for abdominal wall closure after laparostomy (short note), 146

Wound healing
Effect of $CD4^+$ and $CD8^+$ cell depletion on wound healing, 298
Inhibition of matrix metalloproteinases enhances breaking strength of colonic anastomoses in an experimental model, 228
Insulin-like growth factor I and truncated keratinocyte growth factor accelerate healing of left-sided colon anastomoses, 90
Local heat-shock priming-induced improvement in microvascular perfusion in osteomyocutaneous flaps is mediated by heat-shock protein 32, 450
Randomized clinical trial of diathermy *versus* scalpel incision in elective midline laparotomy, 41
Systematic review of antimicrobial agents for chronic wounds, 4
